The request is to evidence that the majority shareholder on the day of the consent had verifiable number of shares to be considered majority and would be evidenced by the shareholders list on the day of the consent.

It states Alex Robertson is the owner of 5,000,000 shares of common stock and thus should be reflected by a shareholders list of the identical date of the consent.

We do not understand the nature of your request. The date of the shareholder "consent" or resolution is February 4, 2014. We have no shareholder list as of that date. Furthermore, a shareholder list of that date would not reflect the Share Redemption resolution and agreement dated February 6, 2014, provided to you.
